28<sup>th</sup> February, 2019

Dear Parent/Carer

**Celebrating Science, Technology, Engineering and Mathematics (STEM)  
Year 10 STEM Curriculum Day on Thursday, 14<sup>th</sup> March 2019**

Your son or daughter will be taking part in two workshops as part of our STEM Curriculum Day. Part of the day will focus on aspects of engineering, working with outside professionals to build an 'ice bridge'.

For the remainder of the day students will be looking at genetic engineering using materials from Reading University to extract and create a piece of jewellery containing their own DNA. The day is designed to showcase how science, engineering, technology and mathematics impact on our everyday lives and shape our daily decisions.

The day will take place in school. Students will need to wear school uniform as usual.

Yours sincerely

*A Walker*

Mr A Walker  
Head of Design and Technology
