Dear Parent/Carer,

YEAR 10 PARENT INFORMATION EVENT

I am writing to advertise an important Year 10 Parent Information Event we have planned. Normally we would invite parents into school – clearly it is not possible to arrange a large gathering at present. Instead we have videoed our presentation regarding Key Stage 4 and what to expect – you can find it on our website under 'Latest News'.

We would normally provide you with a pack of information on the night - we will give this to your son/daughter to bring home. If you could read through this information whilst watching the presentation we would be grateful. Within the pack is a useful revision guide and workbook list. Revision guides, examination equipment, calculators and dictionaries would normally be on sale during the evening, and unfortunately our school shop is currently closed - instead parents can purchase these items from Reception during the school day.

There are many changes currently happening in education that may affect your child over the course of Key Stage 4. The main objective of the presentation is to inform parents/carers and Year 10 students of what to expect during this academic year and beyond. Crucial curriculum information, and homework planning, support and examination details are the main topics that will be covered.

Parents who have previously attended the evening have commented how informative and helpful it has been to get the best out of their child. It is crucial for their exam preparations. Just a small amount of your time could make a huge difference to the future of your child.

We do hope you can take a small amount of time to watch the presentation and read through the pack of information. Any questions please email me direct on mjervis@marywebbschool.com

Yours sincerely

M Jervis

Mr M Jervis

Assistant Headteacher - Key Stage 4
